

Each download includes 40 digital task cards divided into two sets of 20 questions. Teachers can use them for review, enrichment, or stand-alone activities.

NGS Magnified Digital Task Cards are versatile tools for concept review. They can be used in pairs, small groups, or individually. With automatic grading, teachers save time, and students receive instant feedback, reinforcing their learning on the spot.

Cell Processes and Energy

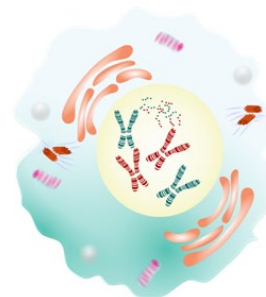

Photosynthesis occurs primarily in the _____ of a plant.

Cell Processes and Energy

Identify the phase of mitosis shown.

Cell Processes and Energy

Identify the phase of mitosis shown.
