STUDY GUIDE

REVIEW STRATEGIES • CRITICAL THINKING

Includes **PRINT** or **DIGITAL** Options

Initials: _____

SECTION 7

Directions: Complete the table by determining if each statement is true or false about mollusks and checking the correct box.

Description	True
A thin layer of tissue that covers a mollusk's body is called a mantle.	
Most mollusks have a closed circulatory system.	
Gastropods have a single shell or no shell at all.	
A squid is an example of a gastropod.	
Bivalve shells are held together by hinges and muscles.	

Initials: _____

SECTION 8

Directions: Fill in the blanks below describing characteristics of arthropods.

Characteristic	Crustaceans	Chelicerates
Number of body sections	2	0
Legs	2	0
Antenna		

Initials: _____

SECTION 9

Directions: Draw a line from the picture to the animal grouping to which it belongs.

Mollusk

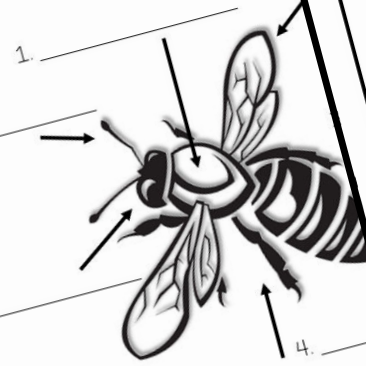

Initials: _____

SECTION 10

Directions: Label the arthropod below using the terms from the word bank, and then answer the question below.

antennae
legs
thorax
wings

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____

What role do bees play in the food chain?

Initials: _____

SECTION 11

Directions: What kind of metamorphosis is depicted below? Explain your answer.

Directions: Fill in the graphic organizer explaining how insects interact with living things and provide an example.

Ways insects interact with living things

How are insects used to control pests?

Initials: _____

SECTION 12

Directions: Scan the QR code to watch the video about the beauty of pollination. There are several recognizable species that are critical to the pollination process. Pick one species, draw a picture of it and explain its role in the pollination process.

THE BEAUTY OF POLLINATION

Did you know? Oysters have been around for over 500 million years!

NGS Magnified Study Guides are directly aligned to the notes and assessments offered by NGS Magnified and include a variety of review strategies that meet the needs of your learners for independent study and indirect instruction.

Each study guide provides a combination of strategies which may include:

graphic organizers

critical thinking

vocabulary building

theme connection

compare and contrast

matching

problem solving

fill-in-the-blank

concept mapping

short answer

interpreting data

real world application

QR videos with accompanying questions

Thank you for sharing NGS Magnified with your students!
